CENTRAL OK MIATA CLUB NEWSLETTER  
Vol XXXII Issue IX September 2023

## **ON THE ROAD**    Jim Briggs

**Well here we are again a new month and it's still hotter than fire (sigh). The August meeting had light attendance but we all had a great time at the Catfish Round-up, then went on a crazy ice cream run after that.**

**I hope to see a great turnout for the Fiesta on September the 16th @ 5:00 pm. We will plan a drive to the Fiesta so stay tuned. Remember that if you paid for the birthday celebration then you will not owe for the Fiesta, if you did not pay for the birthday celebration then you can contact David Miller to make those arrangements. I will be a bit late to the Fiesta due to my work schedule, but I will be there and will have a surprise to share.**

**The October meeting will be at Hideaway Pizza on Memorial Rd on October the 15th at 5:00 pm. I'm sure we will have a pre-meeting drive for that as well.**

**Don't forget to make your hotel reservations for the Eureka Springs trip. It's coming up soon, Sept 29th thru Oct 1st. Check out our Facebook page or the link on the Event page in this newsletter for Fred's turn by turn directions.**

**I look forward to seeing you all at the Fiesta. Until then**

**Bring a GMRS radio. It adds a fun dimension to the trip and really helps keep everything going smoothly.**

**Follow the car in front of you, and keep an eye on the car behind you. If you don't have a GMRS radio and you have a problem, flash your headlights or call the leader. (The car in front will pick up the signal and flash their headlights until someone with a GMRS radio gets the message and radios to the leader to stop.)**

**Check now and then in your rear-view mirror to see if the driver behind you is frantically flashing their lights. After regrouping along the side of the road, getting back on the road will be easier if the sweep can safely pull out to "block" traffic for the group to pull out onto the road at once.**

**Stay together. Don't let large gaps open up between you and the car in front. This lets a dreaded OTM (Other Than Miatas) infiltrate the line which wrecks the aesthetic effect. If we're in a highly trafficked area, and can safely do so, double up (fill both lanes) at traffic lights / left turn lanes / stop signs so as many of us can get through the intersection as possible. If we get broken up, we will regroup at an appropriate location.**

**If you get separated from the group for whatever reason, keep a positive attitude, call the leader, and continue to the destination. You may well find new roads for the next drive! If you leave the group, let the leader know so we don't spend the rest of the trip wondering if you're ok.**

**Start the day with a full tank of gas.**

**Never miss a chance to visit the restroom before you hit the road. Especially if you've been drinking coffee while socializing for the last hour!**

**Have Fun!!**
